REPORT OF SANBORNTON PUBLIC LIBRARY

The books and magazines furnished to patrons of the Sanbornton Public Library during the fiscal year just ended amounted to approximately 2,561, divided as follows: Adult fiction, 1,056; adult non-fiction, 155; juvenile, 1,096; magazines, 183.

New adult fiction books were loaned by generous friends and 135 from the Public Commission. We have also borrowed from the Public Library Commission 75 juvenile books which are being used in the three public schools.

The donations of books and magazines, amounting to approximately 200 were greatly appreciated.

A very successful silver tea and open house was held July twelfth at the library. More than 100 friends from Sanbornton and adjoining towns came to enjoy the occasion. Thirty-six dollars was realized. This is being held as a fund for special improvements.

Respectfully submitted,

GERTRUDE CURRIER,

Librarian.

SCHOOL DISTRICT OF SANBORNTON REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Sanbornton:

Four teachers are employed in Sanbornton schools this year, the same number as last year. Two of them are new to Sanbornton, Mrs. Jennie Bartlett at the Square, a teacher of many years experience, and Miss Helen Stuki at the Bay, a teacher of five years experience. The latter was employed after another teacher had proven unsatisfactory.

The enrollment for the year ending June 30, 1939 was 116. The enrollment September 30 last was 104. The Gaza school enrollment is unusually large this year.

The school rooms and buildings have been put in good repair. The Square and Gaza have been altered to give more light. New heaters have been installed in three of the schools a great improvement over the former stoves.

The results of the last school year's work were reasonably satisfactory. There were some failures as is always the case but very few pupils were obliged to repeat the years work as a whole.

The seventh and eighth grades at the Square continued to do good work and be of much interest to the pupils. The facilities of the "Shop" have been enlarged, affording a broader scope of work. Some day we hope the girls will have an opportunity to broaden their sphere of school work with some training in domestic arts. More room will be necessary before this can be done, however.

The athletic interests of the school are handicapped by want of suitable accommodations for sports. The attempt on the part of the school board to provide a baseball and football field was unsuccessful. It is hoped some new possibility may soon present itself that the boys and girls of Sanbornton may have their desire for athletic activities under suitable conditions gratified.

Sufficient equipment has been purchased to permit each school to furnish a hot lunch at noon. The parents are cooperating splendidly to make the idea a success through the winter months.

The health of the children is being cared for by Miss Moynihan most satisfactorily. Miss Moynihan is always ready to respond to a call for help for the school children and her coming always is welcomed by parents, teachers, and the school children. We are fortunate in having so efficient a school nurse.

The graduation exercises last June were very pleasing and reflected great credit upon all having it in charge.

The number of boys and girls away to school is large. It is, it seems to me a good indication of the educational interest aroused in these boys and girls by our own school system.

There are (12) twelve at Laconia; (29) twenty-nine at Franklin and (5) five at Tilton and Northfield High Schools, and (1) one at Tilton School.

The per pupil cost of Elementary schools in Sanbornton for the year ending June 30, 1939 was \$82.18. The median cost for the state was \$81.07.

Transportation is one of the most troublesome matters a school board has to deal with. It seems to me the present transportation arrangements are quite satisfactory. Most of the pupils are now provided for by the two good busses, a great improvement over the former arrangement.

Sanbornton has been very conservative in the management of its schools. It has been very considerate of the wishes of its citizens. It has made a trial of the idea of consolidated schools on a moderate scale and for the most part is well satisfied with it.

The trend in New England and in New Hampshire is to close the smaller rural schools and to consolidate in one central school. Possibly, Sanbornton has made a mistake in not taking advantage of P.W.A. aid to furnish a Central school for its pupils. Time alone will tell. I prophesy that Sanbornton will some day have a central school situated upon a sufficiently large lot to afford an adequate playground for all its school children.

I wish again to thank the Board for its interest and co-operation as I have every year. I appreciate it.

I also desire to thank them for their patience with and sympathetic consideration for the superintendent during the early part of the present school year when his health did not permit of his attending to his school duties as faithfully as he previously tried to do.

Respectfully submitted,

FRED S. LIBBEY,

Sanbornton, January 29, 1940.

Superintendent.
